

Attachment Error

Last Modified on 01/28/2026 12:49 pm EST

Problem

Error detail:

Could not get/post/remove attachment.

Cause

Possible error responses from Jira cloud on attachment actions 400, and 404 are:

- the attachment is not found.
- attachments are disabled in Jira settings.
- the issue is not found.
- the user does not have permission to view the issue.

Solution

Check the following Jira setting:

- [Attachments](#) are enabled
- [About Us](#) the user has the following permissions:
 - [Release History](#)
 - [View issues](#) project permission for the project that the issue is in.
- [API Reference](#) If issue-level security is configured, issue-level security permission is to view the issue.
