

# How to Edit an Exalate License Key

Last Modified on 01/15/2026 2:02 pm EST

When registering your Exalate instance, you get an evaluation license. You can update the license key after buying an instance, or a network license. This article shows how to update the Exalate license key.

1. Navigate to the **License Details** Tab in the Exalate Admin Console

2. Click the edit icon in the License Key field

## License Details

|                                    |               |
|------------------------------------|---------------|
| Type                               | EVALUATION    |
| Status                             | ACTIVE        |
| Used synchronizations              | 0 out of 1000 |
| Next synchronizations available on | 2023-01-01    |
| Valid until                        | 2023-01-01    |

|             |                                                                                                             |                                                                                     |
|-------------|-------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
| License key | eyJsaWNlbnNlVmVyc2lv...  |  |
|-------------|-------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|

3. Paste the License Key

License Details

With this license you can synchronize entities using basic mode connections only.

|                                    |               |
|------------------------------------|---------------|
| Type                               | FREE PLAN     |
| Status                             | ACTIVE        |
| Used synchronizations              | 0 out of 1000 |
| Next synchronizations available on | 2022-12-21    |
