Jira Cloud - Version 4.1.7-AC (internal: 5.1.2)

Last Modified on 01/15/2026 1:42 pm EST

Released for JIRA CLOUD on **Apr 27, 2021**

In this release, we introduced the new Free plan license. With this license, you can sync a fixed amount of issue fields with Basic connections for free. You can also upgrade the Free plan license to use Visual and Script connections. Check out this article for more information. Also, we made various bug fixes.

In this release

Improvements

EXE-832	We introduced the Free plan license in Exalate for Jira Cloud. It is activated after the Evaluation license expires. With the Free plan license, you can use Basic connections, and sync basic entities completely free. Visual and Script connections are not available in a Free plan license. Check out this article for more information
SNOWNODE-297	Added store(issue) function that lets you control the order in which changes are implemented after sync
