Jira on-premise - Version 4.7.8

Last Modified on 01/15/2026 12:57 pm EST

Released for JIRA ON-PREMISE on **Apr 24, 2020**

In this release

Improvements

JIRANODE-2962	Trigger sync when voters are updated
EASE-4562	Generate error, instead if failing silently, if there is a problem serializing a custom field into json

Bug fixes

EASE-4552	Avoid a potential infinite loop when sending attachments
