

SyncRoom Early Access - Version 2.7.0

Last Modified on 01/15/2026 9:21 am EST

Released for SyncRoom on December 17, 2025

In this release, we've introduced subscription-based billing with flexible plans, alongside key workspace and usability improvements.

License-based connections remain fully supported and can connect with subscription-based systems.

New Features

Subscription Management

Flexible subscription plans are now available, managed directly through the Exalate app with automatic billing. Organizations can start with a free trial and upgrade to paid tiers as needed. License-based connections continue working without disruption and integrate seamlessly with subscription-based systems.

Workspaces

Introduced Workspaces to help organize and manage your integrations more effectively, providing better structure for multi-team environments.

Improvements

- **SYN-670** - Quick Access Resources.

Added direct links to Documentation, Trust Center, and Support Portal for faster access to help and security information.

- **SYN-675** - Domain Migration.

Migrated to the new [exalate.app](#) domain to improve service reliability and performance.

- **SYN-626** - Consistent Terminology.

Aligned terminology across the UI for clearer communication and better user experience.

- **SYN-562** - URL Input Validation.

Enhanced URL validation now automatically trims extra spaces, reducing common input errors.
